

Stefano Domenicali
President & CEO

Sunday 9th November 2025

Dear Mayor Nunes,
Dear Ricardo,

It was a pleasure to see you again this weekend at Interlagos for another incredible São Paulo Grand Prix. Thank you for taking time out of your schedule to meet with me on Friday and to tour the newly upgraded facilities.

Once again, the people of your city demonstrated their remarkable passion for Formula 1, attending in record numbers to support all our teams and drivers, especially local hero Gabriel Bortoleto. The pride and enthusiasm for our sport in Brazil is truly exceptional and make it a cornerstone of our calendar.

As discussed, I am grateful for the recent investments in the venue, including the upgraded grandstands, improved hospitality structures and the new tunnel project. Formula 1 is evolving rapidly, and to maintain São Paulo's status as one of the standout events on our calendar, continuous improvements to facilities and infrastructure is essential. I look forward to seeing the new grandstand and bridge project come to life, along with additional upgrades to ensure the circuit continues to meet the standards of a modern Formula 1 venue.

With its rich history, passionate fans and world-class city backdrop, São Paulo holds a special place in the hearts of everyone in Formula 1.

Thank you for your continued support and I look forward to continuing our work together.

Yours sincerely,

Stefano Domenicali
Formula 1 President & CEO
